How would you describe yourself as a player? Consistent....., you always know your going to get a good effort and a reliable presence in the goal. I always work hard at practice because I think how you train there always translates into the game.

Any family members who high level sports experience? Twin brother Trevor, ran track/xc at top 10 nationally ranked university of Portland. Sister Chelsea currently plays soccer at Seattle U.

What's your favorite soccer team & WHY? Barcelona, because of their attacking and attractive style. They make soccer fun to watch for anybody.

What is your favorite part of the game of soccer? Out of any sport it takes the most athleticism, both for agility and endurance. Soccer players are the fittest athletes....and because it is so unpredictable, all soccer games are different.

What do you currently do for work? I'm a strength and conditioning coach for M.V.P/CATZ, where I train a lot of up and coming soccer players around the seattle area, as well as lots of other people.

Other sports played growing up? Basketball, track/xc and baseball.
